REFEREE	Patrick Kwok	Date	7/2/09
SOCIETY/ASSOCIATION	Hong Kong	Where	HKFC
HOME TEAM	HKFC IV	Points	47
AWAY TEAM	Typoons	Points	14
League /Division	Div 4		

Areas Managed Well Areas Requiring Attention

Areas of competence:

Tackle		Open Play		Line Out Offside	
		Obstruction			
Ruck and Maul		Near and In Goal		Communication	√
Ruck/ Maul Offside		Fitness/	√	Whistle/ Signals	
		Mobility/ Speed			
Advantage	√	Scrum		Foul Play	√
Open Play		Scrum Offside		Positioning	X
Open Play Offside	√	Lineout		Consistency	√

Only the boxes appropriate to the match should be completed.

Strengths:

Patrick, you contributed well to the game that was closer than the score suggested, playing advantage very well and overall keeping the players satisfied. A good low penalty count. However, you can do much better and you need to show a lot more commitment to improve your positioning and running lines. My comments are consistent with other coaches so you need to make improvements.

Coaching Advice

1. Positioning and running

You were out of position for the first 3 tries and often well behind the running lines. You missed one foul play due to being out of position. Anticipate the ball, move away quickly and get on or ahead of the "ball line". Follow up kicks by running instead of walking or stopping, you need to be up with play, ready for anything. Most of all be in the right position at tries. Never walk or stand, keep on your toes. A good tip is to be the first to any event, e.g. run to a lineout, kick-off, 22 and then take the rest whilst waiting for the players. The second half was much better but you must commit to using your speed.

2. Signals

Primary signal first always. Don't be too elaborate and don't secondary signal whilst playing advantage (shout "penalty advantage" and raise yr arm a little is better). Overall the quality of your signals is first class.

3. Scrum 5m

Manage this proactively by making gestures to the players. especially early on. Make it look like you are checking even if you are not in practice.
